## Education

August 2020 - Expected Graduation: April 2024

**University of Pittsburgh** - *B.S. in Computer Science with a minor in Mathematics*

Relevant Coursework: Data Structures, Calculus 3, Statistics, and Discrete Structures (Spring 2021).

## Projects

Culture Vultures

<https://git.io/JUmpJ>

- Android social media application for Streetwear and Hip-Hop culture. Including features: user sign-in, upload photos, user search querying. Front-end done in Java and XML; backend in Firebase.

Pitt Canvas Dark Mode

<https://git.io/JUmpO>

- A dark mode for University of Pittsburgh's online classroom website. Done with CSS and Stylus browser extension.

Flappy Penguin

<https://git.io/JUmps>

- Flappy Bird clone made for the browser. Done with vanilla JavaScript and HTML/CSS.

Scranton, PA Daily Air Quality

<https://git.io/JUmpk>

- Website to check daily air quality in my hometown using weatherbit.io API.

## Experience

June 2017 - August 2018

Main Street Tent Rental, Scranton, PA - *Tenter*

- Was able to quickly fix issues and direct others for a quick set up and delivery
- Maximized our time and efficiency daily

June 2019 - Present

Arcaro & Genell, Old Forge, PA - *Server*

- Help guarantee an enjoyable dining experience for customers, despite the fast moving work environment.

## Activities

August 2020 - Present

Pitt Computer Science Club

- Collaborate with peers who are also passionate about the field of Computer Science.

## Skills

Java, JavaScript, Firebase, Full Stack Android Development, XML, and HTML/CSS
