Education

University of Pittsburgh   Expected Graduation Date: May 2024
B.S. in Computer Science with a minor in Mathematics
- Relevant Coursework: Data Structures, Calculus 3, and Statistics.

Project

Culture Vultures   **https://git.io/JUmpJ**
- Android social media application for Streetwear and Hip-Hop culture.
- Implemented features including: user sign-in, upload photos, and user search querying.
- Built front-end in Java and XML and backend in Firebase.

Pitt Canvas Dark Mode   **https://git.io/JUmpO**
- A dark mode for University of Pittsburgh's online classroom website.
- Developed with CSS and Stylus browser extension.

Flappy Penguin   **https://git.io/JUmps**
- Flappy Bird clone made for the browser. Done with vanilla JavaScript and HTML/CSS.

Scranton Air Quality Dashboard   **https://git.io/JUmpk**
- Website to check daily air quality in my hometown using weatherbit.io API, JavaScript, Chart.js library, and HTML/CSS.

Experience

Main Street Tent Rental, Scranton, PA - *Tenter,* June 2017 - August 2018
- Was able to quickly fix issues and direct others for a quick set up and delivery
- Maximized our time and efficiency daily

Arcaro & Genell, Old Forge, PA - *Server,* June 2019 - Present
- Help guarantee an enjoyable dining experience for customers, despite the fast-moving work environment.

Skills

Languages: Java, JavaScript, XML, and HTML/CSS.
Technologies: Full Stack Android Development, Git/GitHub, and Firebase.
